Expressions

OVERCOME YOUR FEAR OF SPEAKING NOW!

When you hesitate and don't know what to say, you can use "Euh..."

Instead of using "je ne comprends pas", you can use "je ne vois pas" or "je ne vois pas ce que tu veux dire".

If you want to check if the person understood your point, instead of asking "tu comprends ?", use "tu vois ?" or "tu vois ce que je veux dire ?"

Don't hesitate to ask the person to speak slower by saying "tu peux parler plus lentement s'il te plaît." If you want the person to repeat, say "tu peux répéter s'il te plaît ?". If you don't understand a word or expression, simply ask "ça veut dire quoi [insert word] ?"
